## 123'S FOR ALL PARENTS

- 1 EDUCATION**  
We endeavor to be a resource center for the entire family to equip,  
empower, educate & embrace you on your discipling journey.
- 2 CONNECTION**  
We believe that parents make their greatest kid/parent connection by  
serving in an area that directly affects and supports their children, and  
connecting with others who do the same.
- 3 IDENTIFICATION**  
We believe that as you identify & engage your personal gifting & fulfill  
your own needs, then you will better understand the needs of your  
family.
